

The European Platform for Open and Responsible R&I Practices

REINFORCING

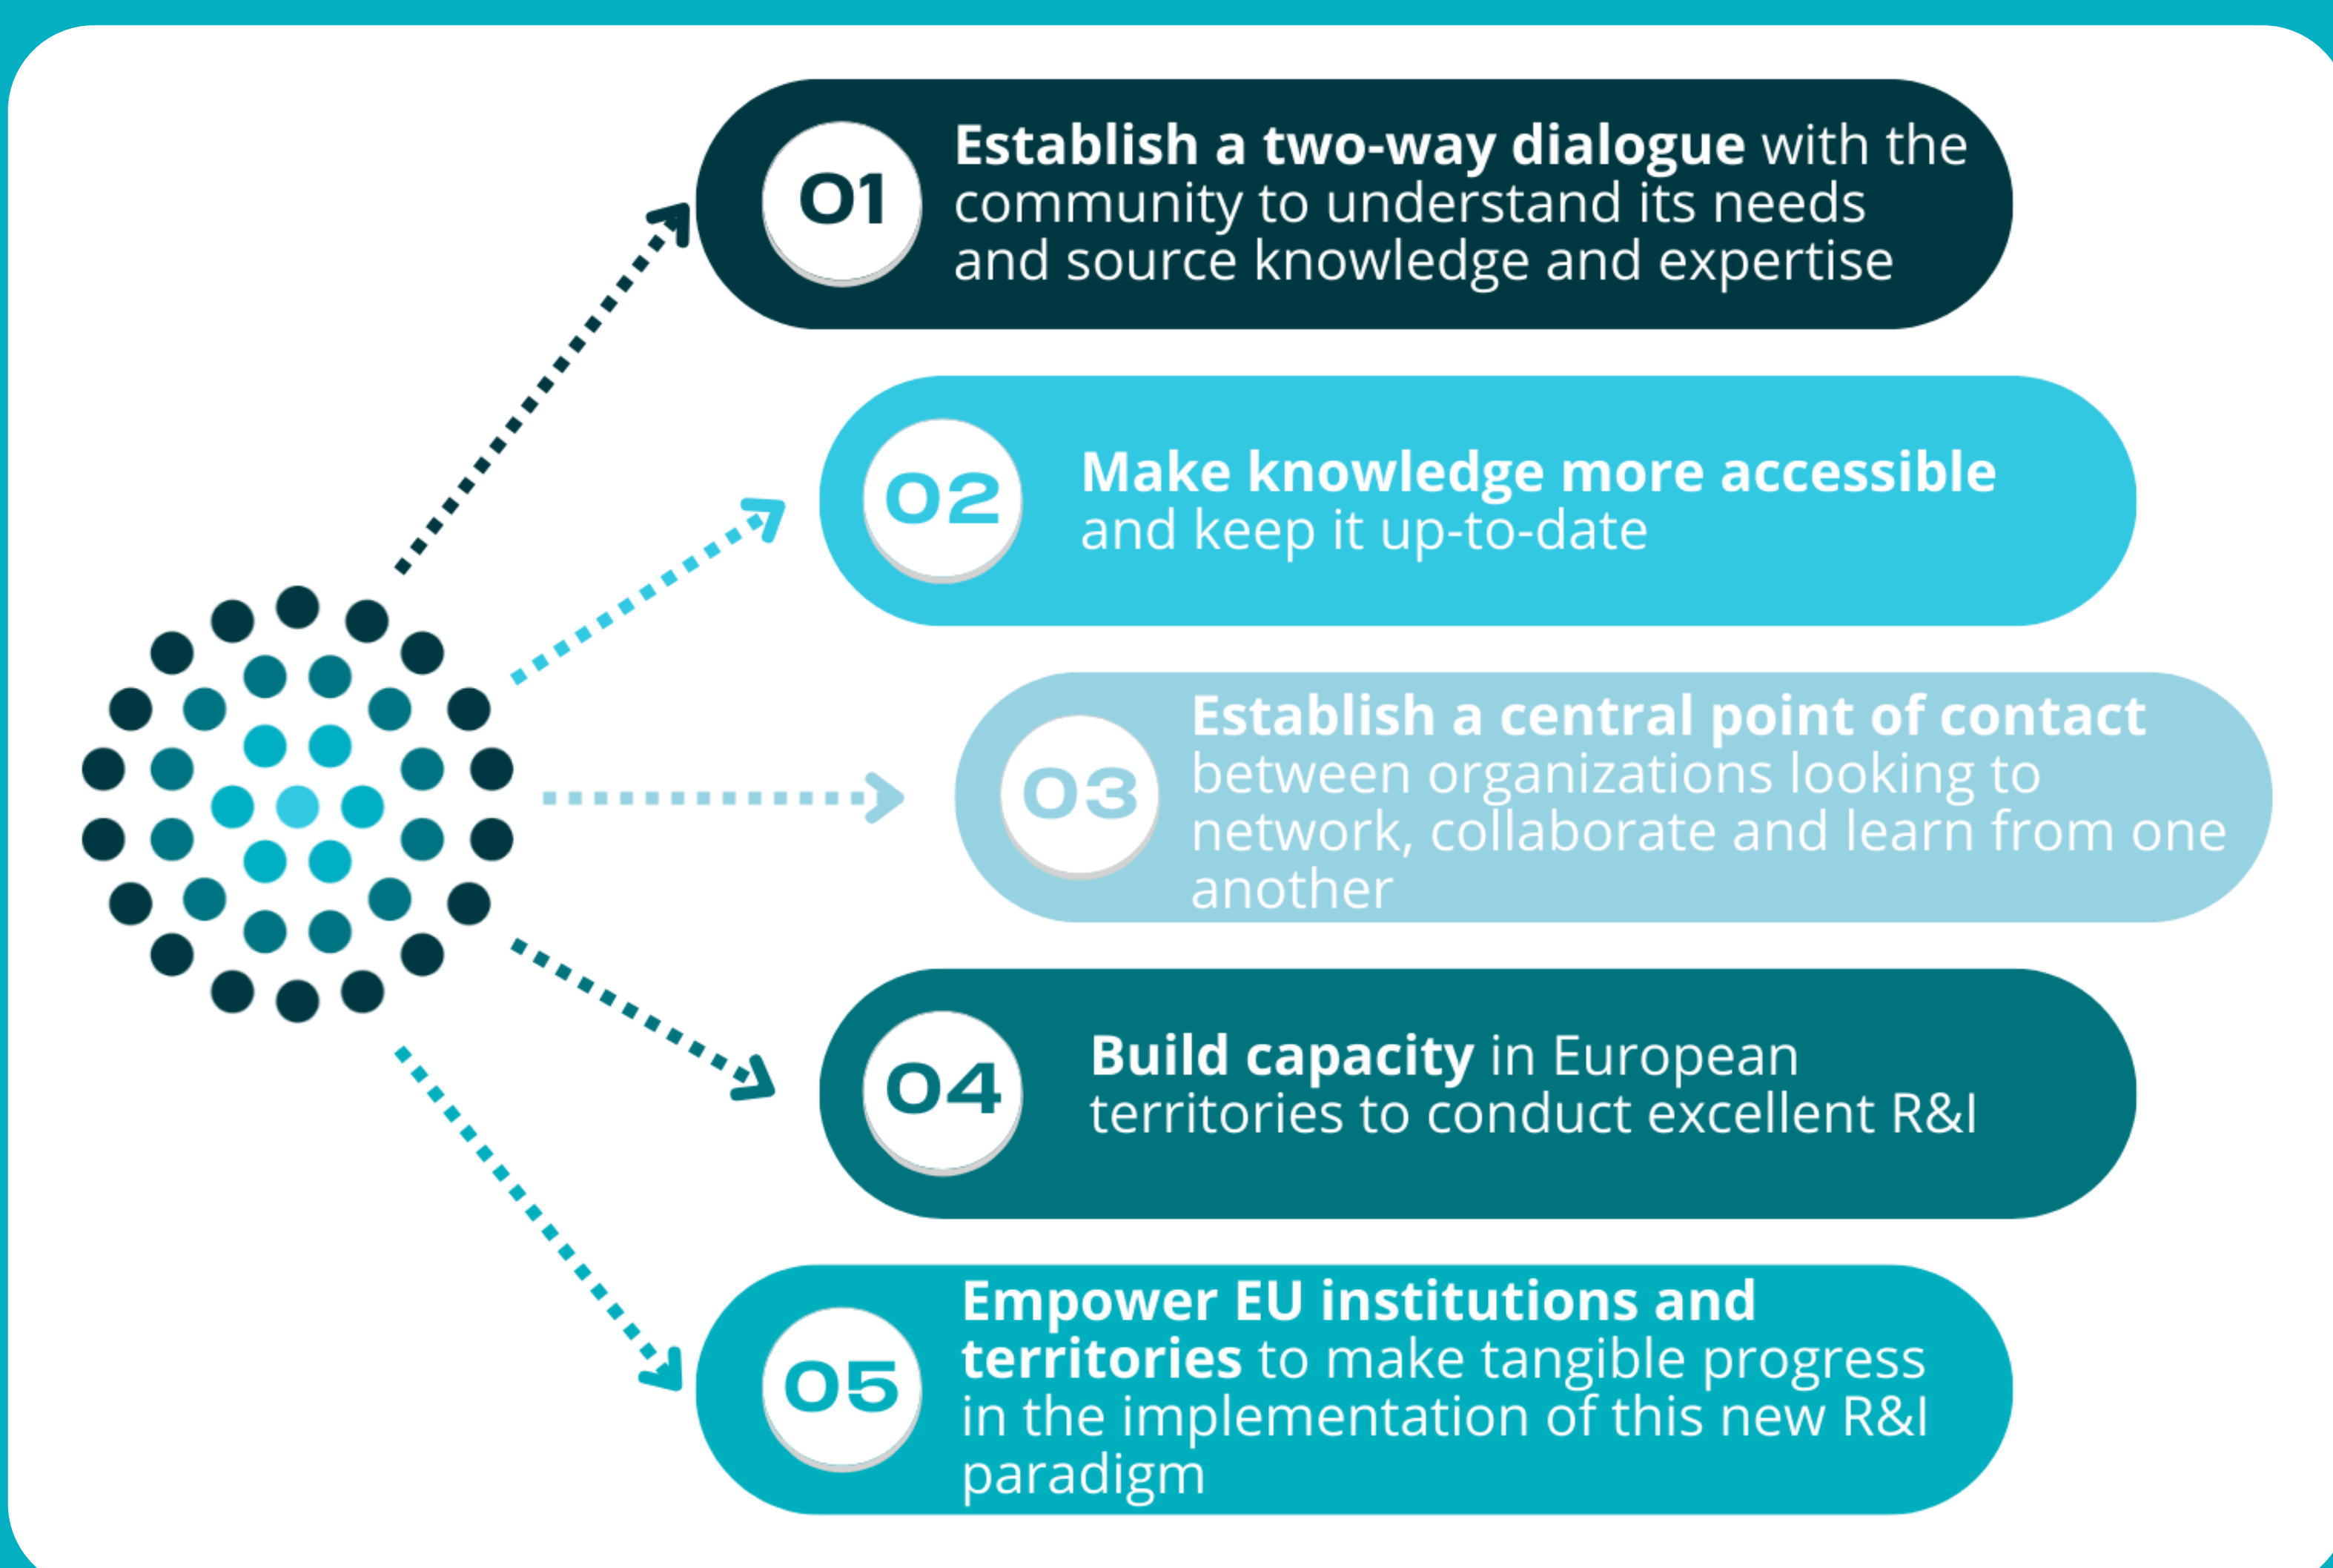

Responsible tErritories and Institutions eNable and Foster Open
Research and inClusive Innovation for traNsitions Governance

REINFORCING aims to become the EU Open and Responsible Research and Innovation (ORRI) **central point of knowledge and expertise** that supports **territories and institutions** in implementing ORRI activities.

Objectives

- Establish a **centralized hub** for ORRI practices.
- Provide **financial support** to institutions committed to enhancing their ORRI practices.
- Build a **global network** of ORRI practitioners for knowledge exchange and collaboration.
- Support organizations with **training and mentoring programs** in transitioning towards open, responsible and inclusive research and innovation (R&I) paradigms.

Key Elements

REINFORCING aims to foster a global community dedicated to advancing ORRI practices and shaping the future of R&I, bridging the gap between society and science and innovation.

Join us in shaping the future of Research and Innovation through openness and responsibility!

ONE-STOP SOURCE PLATFORM

REINFORCING One-Stop Source Platform will provide insitutions and organizations with the following services:

GRANTS

REINFORCING will offer financial support through **7 open calls** to fund organizations that are newcomers wishing to embark on ORRI and experienced entities looking for strengthening ORRI implementation.

ORRI COMMUNITY

REINFORCING's ORRI Community will bring together **experienced organizations and facilitators** who have had their own ORRI journeys and can share their experiences.

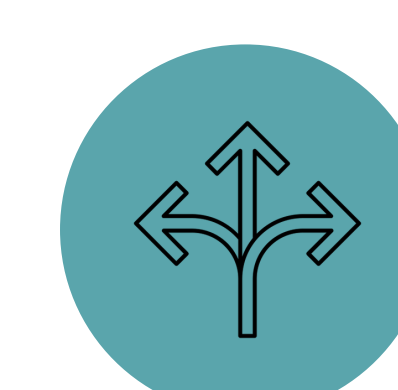

TOOLS

Useful resources and best practices to inspire and **help institutions** in designing and implementing their ORRI actions.

TRAINING

Training opportunities delivered by experienced experts about **specific ORRI needs** emerging from the interaction with the community.

PATHWAYS

Specific guidance fitting concrete **ORRI challenges** to improve ORRI processes.
